OFFICE GEMINI, TECHED FORUM COSTA RICA 2012

TECHNOLOGY TOOLS FOR GOING PAPERLESS AND ENTERING THE WORLD OF CLOUD COMPUTING

Office Gemini (www.officegemini.com), a global leader and innovator in document management and scanning technologies, invites you to participate in this technology education conference to learn about tools and processes designed to deliver electronic documents and information securely and efficiently across departments and organizations, resulting in greener, leaner, highly productive teams and operations.

FOCUS AND CONTENT:

- The process of going paperless
- Equipment, software and IT resources for managing electronic documents
- How to build a secure infrastructure that protects digital information
- Efficiency, productivity and security within digital workflow environments
- Working with cloud technology

Office Gemini and their event partners will demonstrate world-class hardware, software and IT managed solutions you can use to go paperless, store your data, secure your information and deliver documents and content through digitally managed workflows.

You will also have the opportunity to schedule a time to meet with representatives to discuss tools and resources suitable to address the specific departmental and operational needs of your organization.

250-300 industry and institutional administrators, executives and technical managers from across service sectors are expected to attend. Service sectors include government, education, IT, telecom, energy, logistics, transportation, engineering, construction, manufacturing, financial, legal, insurance, medical, media, real estate and tourism. Attendees will be joining us from Costa Rica, El Salvador, Guatemala, Honduras, Panama and Nicaragua.

Register now and accompany us during this informative event that promises to teach new and profitable ways to improve operations.
